Computer Science Student

SUMMARY

Computer Science Student with strong programming backing. Looking for a career in Software Development. Excited to learn new languages and techniques in the field.

Focused and motivated, worked while studying for a semester which gave me skills in organization, as well as an experience in the job market.

EDUCATION

Bachelor of Computer Science – European Course; Coimbra Engineering Academy; 2017 – *current*

- Part of the Course's Commission as a Student Representative.

EXPERIENCE

Store Operator   Sep. 2019 – Mar. 2020
Staples Portugal, Coimbra

- Led clients to the best solutions for their necessities, assisted them with their purchases and answered questions regarding pricing, availability, reservations and location of products.
- Responsible for restocking and organizing the Technology Area based on planograms.
- Resolved issues regarding prices, stocks, damaged products, buy-backs and product reservations.
- Accumulated functions as a cashier when necessary.
- Checked availability of products/delivery dates and reserved products using proprietary software and portable data terminals.
